### Silent Eleven of St. Augustine Too Much for Putnam

The school for the deaf and dumb of St. Augustine won from the Putnam High School yesterday afternoon by a score of 19 to 0 in a hard fought game of football. The game was much closer contested than the would indicate.

The Deaf and Dumb boys scored a touchdown in each of the first three quarters of the game, but failed at the goal kick after touchdown two out of three times.

The Deaf and Dumb School had excellent interference and used a delaved pass which seemed to cause the local lads much trouble in solving. They worked one long forward pass which materially aided them in securing one touchdown.

In the 3rd and 4th periods the Putnam High School carried the ball down the field for some substantial gains. On on out of bounds play, Jarrett carried the ball down the field for 40 yards, which was the longest run of the game. Arnold Waterman at end was a tower of strength at end on both offense and defense and Alfred Waterman played Splendid Pragram a heady game at center.

The local boys still need to learn the art of making interferences for the man carrying the ball, and when this has been perfected they will become a scoring machine which other High School teams will need to fear.
